1. Pre-course stage (initial contact; application and interview/selection processes)

The pre-course stage was very professional and ~~was~~ gave us very accurate & realistic expectations of the course.

2. Facilities available

Facilities were very good. I believe we had more than enough resources so that we can accomplish our tasks.

3. Course Staff

Staff was excellent and very professional at all times. They were obviously very knowledgeable and capable of delivering the course.

4. Course Delivery

I found the material clear & easy to follow. The course is quite intensive though which made it a little hard to keep up sometimes.

Very thorough and well-organized.
I especially appreciated the flexibility
and consideration of time differences

2. Facilities available

The printing quota is understandable but
some indication or counter so that we
can check how many copies we have would

3. Course Staff have been more helpful.

Very knowledgeable & experienced.
The materials (handouts) and information
are especially high-quality and useful.

4. Course Delivery

Well organized - the integration of

sweet. The combo of theory & practice

1. Pre-course stage (initial contact; application and interview/selection processes)

Pre Contact was via email, which was always quick and efficient. Marie and Tillat responded on the same day. The application gives an idea of the type of work that is expected. The interview was very long, but relaxed.

2. Facilities available

The CELTA facilities are clean and all materials are well organized. There are computers available, and I had enough printing and photo copies. More washrooms would be useful.

3. Course Staff

Marie and Tillat are incredibly knowledgeable, experienced, professional, organized, inspiring and funny. I felt confident that I would do well due to the support and guidance that they give.

4. Course Delivery

Intense, but the workload follows a pattern and it is manageable. The topics follow order and the assignments are helpful and interesting. I feel so well equipped to start a job in the ESL field.

5. Any other comments:

Good luck to Tim and Lisa.
